

MINUTES
CITY COMMISSION MEETING
AUGUST 13, 2012

The City Commission met this date in regular session in the Commission Chambers. The Invocation was given by Comm. Morgan, after which the Pledge of Allegiance was recited. A quorum being present, the meeting was called to order at 6:00 PM with the following in attendance.

Mayor	:	John B. Arnold, Jr.
Commissioners	:	Heyward Strong
	:	Kay Hamilton
	:	Joe Morgan
City Clerk	:	Tammy Johnson
City Administrator	:	Carl Scott
Police Chief	:	Joe Hart
Fire Chief	:	Mark Norris
City Attorney	:	Bruce Bowman for Mr. Dykes
City Engineer	:	Roy Petrey
VBCS General Manager	:	Burt Bennett
Library Director	:	David Weatherford
Recorder	:	Beth Millsaps

Others in attendance: (Not inclusive) James Butler (camera), William Bellamy, Marion Cook, Marion Cassell

Mayor Arnold welcomed the audience and stated that the Commission was interested in any comments or concerns the residents may have. He asked that anyone wanting to make any comments should raise his/her right hand to be recognized and use the microphone at the podium to address the Commission.

Welcome by
Mayor

1. **CITIZEN CONCERNS (non agenda items) – Resident**

William Bellmany from 137 Edwards Circle said an article in the Sunday paper said the county could turn our land into worthless dirt, Mayor Arnold told him earlier that he didn't feel this article concerned us. Mayor Arnold said that the county cannot zone within Valparaiso. Mayor Arnold introduced Mr. Bruce Bowman, who is sitting in for Mr. Dykes this evening. Mr. Bowman said that the county cannot tell the city how to zone our property. Mr. Bowman stated your concern would be with the county or the Federal Government not the city. Mr. Bellamy said he didn't know what kind of authority the county would have over something like this and regarding the Air Force and planes and the noise levels. Mayor Arnold said he does not think the county can dictate land use within the city.

Resident
Concerns

Mayor Arnold recognized Ms. Marion Cook, base community planner at Eglin AFB; she said that the advertisement was placed in the paper by Mr. Watts who owns property to the north of Camp Rudder. She said Camp Rudder is located in an area that the JLUS has said would need further study, what kind of development would be placed there. Ms. Cook said the basic idea is for property owners that had certain density such as agriculture that being within a mile of the base would be a consideration if asked to increase the density. Ms. Cook said it was not a question of taking away of rights but consideration of its location regarding density.

Mayor Arnold said that the county cannot tell the city what to do regarding land use, they can ask but do not they have authority to do it. This is a small specific area that they are looking at on the reservation.

1. **CITIZEN CONCERNS – Resident**

Ms. Marion Cassell, 173 Highland, wanted to thank the Commission, Mr. Scott and Mr. Valandingham for the job that is being done with T J Brooks park. She said Valparaiso has a lot of potential but we have to do something to attract people. She suggested something in the medians and with the businesses on John Sims that could dress up the area. Mayor Arnold said he has invited business owners to attend meetings and to suggest what the Commission could do to help the businesses but participation left something to be desired.

Resident
Concerns

2. **CITIZEN CONCERNS (non agenda items) – Non-resident**

There were no non resident comments.

Non Resident
Concern

1. **NEW AGENDA ITEMS – Added Agenda items**

There were no new agenda items.

2. **NEW AGENDA ITEMS – Resolution No. VCA 01-08-13-12 Basic Cable Fee**

Mayor Arnold said this resolution was so that the Valparaiso Cable Authority could change the basic rate of services and pole attachment fees. Monthly basic cable channels 3-78, current rate \$31.50 be changed to \$32.85, hotel/motel first room from \$31.50 to \$32.85 with no change regarding additional rooms. The monthly pole attachment fee from \$2.20 currently to \$.55. Ms. Johnson stated the VBCS cable bill will decrease .05 cents after taxes. Ms. Johnson had an example of a Cox bill regarding their basic service to show the Cox bill for expanded basic with taxes, fees and surcharges is \$71.75; in comparison the VBCS bill with pole

attachment and taxes is \$41.92. COMM. STRONG (VBCS chair) MADE A MOTION TO ADOPT RESOLUTION 01-08-13-12, COMM. MORGAN SECONDED FOR DISCUSSION. Comm. Morgan said he would like to also look at the pole attachment fee reserve, he said he feels the two are related. Mayor Arnold said he had no objection although he feels the two items are independent. Comm. Hamilton said we are presenting it as a rate reduction when it is not. Mayor Arnold said we were raising basic fee \$2.20, Comm. Hamilton said now we are charging the correct pole attachment fee. She said that is all tide in with the pole attachment reserve she believes we should look at keeping it placed separately in case there is an outside chance of litigation. Comm. Strong said we have won the suit and we have signed a new agreement with Gulf Power and we have adjusted the rates for this year based on the pole rental. Comm. Morgan said they are separate but if we didn't vote for the pole attachment fee to go towards cable then we will have a deficit in next years budget. Mayor Arnold said we have \$420,000 in reserve account to pay Gulf Power in the events we lost the lawsuit, in April of this year our city attorney Mr. Wyckoff said that the findings were in our favor and that there was only an appeal left and the likelihood of the appeal to be a success close to nil, when we instituted the Pole Attachment Fee some 10 to 12 years ago that the money would go back to the public to actually get that money to the people would be near to impossible with people moving in and out during that time so he recommends giving the residents eight months of basic service free of charge. He said we would take the money from the reserve each month and pay the basic services for that time and that would fulfill the commitment made to give back to the residents. Comm. Strong said he suggests putting the money in a reserve fund, since the cable reserve has such a small reserve, that the money used to benefit everyone, in case of an emergency we would have this fund to go to and not raise rates. Mayor Arnold disagrees with that although Comm. Morgan said that he agrees that if it is used to provide good cable service, we need significant reserves to do that and that all projects regarding those funds be approved by the Commission. Mayor Arnold said he is only going back to 10 or 12 years ago we promised the people that if we were successful in the lawsuit the money would be returned back to them. Comm. Morgan said he believes we can do this through services instead of just a free coupon back. Mayor Arnold said he doesn't feel that is returning the money to the people, you are placing the money in a bank account. Comm. Morgan said he would like to know what we would need for reserves for this fund. Comm. Hamilton said she believes from a business perspective, she has had so many people talk to her about their frustration with Valparaiso cable and the level of service, that this is a difficult field to keep up with. She said there are a lot of IT businesses that won't come in because our internet does not provide high enough quality. She looked at the prices with Cox to compare apples to apples but they do not have a service that is as limited as our service in Cox and she saw no money savings. She found in researching that a Direct TV bundle with double the channels, more HD, triple DVR support and the ability to record up to 5 channels at once is \$100 with internet faster than what I have now compared to the \$184 that she pays now to Valparaiso cable. She feels we need to look at this enterprise where are we going with this financially, what is our attrition right now, we have to have some form of long term planning. Mayor Arnold said the schools requested something recently that we could not provide, Mr. Bennett said they wanted to be able to have point to point contact with all the schools but we do not leave Valparaiso we could not provide that service. Comm. Hamilton said we are not a national corporation we cannot provide HBO GO or HULU PLUS all of which is very expensive. Comm. Morgan said he agrees that we need to see where we are going with the cable business but that isn't a question for today. Comm. Hamilton said she agrees with the Mayor that if this was a healthy cable system well in the black she would want to give the money back to the residents, Mayor said he feels we are providing good service at an economical rate that Ms. Johnson has given an example of that, we do not have high data rates and point to point communications but for our people there is no real demand for that. Comm. Hamilton said there is demand and we are no longer cheaper, but if she felt if we were healthy enterprise we could give free cable but we are not and we need to have a reserve. She agrees with Comm. Morgan that any expense from that reserve should be voted on and that we should take a hard look at this enterprise. Mr. Bowman said that from what he understands the litigation is not over. He knows that Mr. Wyckoff may have implied a win but Mr. Bowman suggests that the money stays in a saving account or escrow until all litigation is done. Comm. Strong said that a consultant we had recommended that the litigation is over and funds could be used as a reserve. Ms. Johnson said our consultant was Bruce Beard with Cinnamon Mueller. Comm. Morgan said that the money should be kept separate at this time, that \$36,000 should be applied toward the budget to keep from raising rates. Comm. Hamilton does not believe that is right, she feels it should be called a rebate if that is what it is because other than that it skews the budget. Mayor said he wanted advice from attorney what our risk is if we start spending those funds. Comm. Strong suggested to get Mr. Bowman our consultants recommendation. COMM. MORGAN MADE A MOTION FOR THE POLE ATTACHMENT RESERVE WE MOVE THE \$416,781.04 TO A CONTINUED RESERVE MINUS THE \$36,110 THAT HAS BEEN REQUIRED TO BALANCE 2013 CABLE BUDGET, COMM. STRONG SECONDED THE MOTION, PASSAGE OF THE MOTION OF 3 TO 1 WITH COMM. HAMILTON VOTING IN THE NEGATIVE. MOTION THAT THE RESOLUTION 01-08-13-12 BE PASSED AS READ

MADE BY COMM. STRONG AND SECONDED BY COMM. MORGAN. Mayor asked if any discussion, Comm. Hamilton said she feels we should continue to charge the pole fee until there is a complete resolution. Ms. Johnson said we are charging .55 cents which is what has been agreed to. MOTION WAS PASSED BY UNANIMOUS VOTE OF THE COMMISSION.

Mayor asks that the attorney review and let us know his opinion.

3. **NEW AGENDA ITEMS -- City Moniker**

Mayor Arnold said that the EDC had suggested that the city come up with one slogan or logo that is more reflective of what we are. We have used Vale of Paradise and also Home of Eglin AFB, Mayor thinks we need to adopt a new logo and change our city seal. Comm. Strong said we have moved from skating rinks, bowling alleys and stores to a bedroom community of Eglin. Mayor said he doesn't think that is the image we want to portray to attract people to come to the area to expand business. We have ideal spots for contractors and people from the DOD. Ms. Johnson said on a copy of our letterhead we have our seal, land saltwater sports Choctawhatchee Bay, Home of Eglin AFB and at the bottom we have "Home of the World's Largest Air Force Installion, Eglin Air Force Base, Florida". Ms. Johnson said we had also recently changed our seal it also said Vale of Paradise but we had a small shrub that we took out and put in the boat. Comm. Hamilton said we need to identify who we are. Mr. Scott said you have to have an image and a brand and that is what sales, if we are the Vale of Paradise that is what we need to sale. Comm. Morgan said he feels this should be a development process with the commission, citizens and people at Eglin to look into what we want to do and how to brand. Comm. Morgan suggests a group like the Economic Development Council, people to work together toward a goal, find a way to sale ourselves better.

4. **NEWAGENDA ITEMS -- Valparaiso Vision**

Mayor Arnold feels that with the decline in property values and limited space to grow we need to look at alternatives to "think outside the box" to reverse the downward trend. He recommends we establish a Valparaiso Vision Committee that the Commission comes up with a list of several names and give to Ms. Johnson before the next regular meeting so that the Commission can chose 10 of those people to be on this blue ribbon committee, give them six months or so to come up with a vision and some original ideas. Comm. Hamilton said it could even be open to volunteers people who are interested. COMM. MORGAN MADE A MOTION TO LOOKING TOWARDS A VALPARAISO VISION COMMITTEE FORMED, COMMISSIONERS LOOK FOR VOLUNTEERS ALSO USE THE MEDIA OUTLETS TO GET THE IDEA OUT AND HAVE CITIZENS SUBMIT APPLICATIONS. MAYOR ARNOLD SECONDED THE MOTION WHICH PASSED WITH A UNANIMOUS VOTE OF THE COMMISSION. Mayor feels that we have a lot of talented people in our area.

5. **NEW AGENDA ITEMS -- Hiring Moratorium**

Mayor Arnold feels we should immediately institute a hiring moratorium; any positions that become available either by resignation, retirement, or deaths that the department heads need to come before the Commission to have someone hired. Comm. Morgan said currently there is a position that is split between three departments that has just become available that is budgeted for in 2013. Ms. Johnson added that every position is budgeted for in the budget, the cable department has a vacant position that has not been filled either. Comm. Strong said he feels we scrub our budgets down to keep the city open, we only hire enough people to keep the department open, when we lose a person we need to fill that position as soon as we can to avoid overtime and other expenses. He feels if the budget for each department is approved and the department head stays within those budget guidelines they should be allowed to hire for an open position. Comm. Hamilton suggests wording it differently in that we know every description of each job we have in most places those positions are needed, she sees a resolution to not add any new positions and Mayor Arnold said that is already in place. Comm. Hamilton said the Mayor is trying to do what all of the Commission is trying to do and that is to save money. Mayor Arnold said there are positions that if they were not filled would not be a catastrophic event. Mayor Arnold feels that the department heads should be able to justify hiring for any open position. Mayor Arnold said no action would be taken tonight just food for thought.

Moratorium

6. **NEW AGENDA ITEMS -- Crystal Cove Townhomes Patio Dispute**

Mayor Arnold asked Mr. Scott if he would like to speak to this matter; there has been correspondence between Mr. Scott and Mr. Gerald Sullivan from Crystal Cove Townhomes. Mayor feels the end objective is that the gentleman wants the city to remove two patios; he does not believe we want to get involved at all. Comm. Hamilton agrees. Comm. Morgan said he went out to see this today and Mr. Sullivan will not be able to attend this evening and he thinks we should wait and hear directly from Mr. Sullivan. He agrees with Mr. Scott as to what we can do after the fact, he does believe that there are letters of recommendation that could be helpful. He believes there are some questions that should be answered by Mr. Sullivan personally and also what the homeowner's association has said. He feels there are valid points especially regarding utilities; he feels Mr. Sullivan may have a case. Mayor Arnold said he believes that would be a civil action and would not involve the City and Comm. Hamilton agrees. Comm. Hamilton asked if we were providing permits at the time for this type of project, Comm. Morgan said it is 2005 time frame, Mr. Scott said we were providing permits for certain structures, there were other structures that were called accessory structures like this patio would fall under that we were not. Comm. Morgan said a patio with pavers are completely different, Mr. Scott said the

Crystal Cove
Townhome
Patio
Dispute

difference is that it is elevated, any structure elevated 30 inches or better has to be permitted. Mr. Scott said it is impossible at this time to issue a permit the only action this Commission would have would be to make a magistrate case out of it and take the two homeowners before the magistrate for an illegal structure or building a structure without permitting. Mr. Scott said anything that happened before August of 2009 he doesn't have any personal knowledge of. Comm. Hamilton suggested that if Mr. Sullivan would like to have it put on an agenda at another time then we would be happy to look at it but without Mr. Sullivan being here there isn't anything further to discuss. Mr. Scott said the main reason it is on the agenda tonight is because he is at the end of his ability to be able to communicate, he doesn't want Mr. Sullivan to feel that the City is ignoring his issue but he doesn't have anything else to say about it.

Proclamation
Constitution
Week

7. **NEW AGENDA ITEMS** -- Proclamation Constitution Week

Mayor Arnold read Proclamation proclaiming week of September 17 through 23, 2012 as Constitution Week the 225th anniversary of the drafting of the Constitution. COMM. STRONG MADE A MOTION TO ADOPT THE PROCLAMATION AS READ, COMM. MORGAN SECONDED THE MOTION, WHICH PASSED BY A UNANIMOUS VOTE OF THE COMMISSION.

9. **NEW AGENDA ITEMS** -- Clarification of Requirement for Closed Meetings to Discuss Impending Litigation Issues

Require-
ment
Closed
Meetings

Comm. Hamilton said she asked for this to be on the agenda due to an article in the Bay Beacon that she found to be very misleading about "secret illegal meetings again". Comm. Hamilton said she asked for Mr. Bowman to explain why we have these meetings and not because we are trying to operate outside the Sunshine Law but at times there are things that can not be openly discussed. Mr. Bowman said generally the Florida Statute allows the Commission to meet in a private session called an executive session, he said it actually needs to call for one today regarding the Bradley case, it is notice from the attorney to seek advice from the Commission on issues of settlement negotiations and strategy regarding litigation expenditures. He said the people who are going to be in the session are identified and the meeting place it is open to the public, then closed while discussions are being made, everything is documented by a court reporter and at the end of litigation the copy of the transcript is made public. He said everything is eventually open to the public but those private sessions are necessary to discuss pending litigation.

Bradley
Case

10. **NEW AGENDA ITEMS** -- Etc. Advice Concerning Bradley Litigation

Mr. Bowman said we needed to hold an executive session to be advised by the Commission on the Bradley case. Mr. Bowman said that Mr. Dykes was available on Thursday of this week or Monday or Wednesday of next week. They agreed upon Monday the 20th of August 2012 at 6 PM.

Plat I and
Plat VI

1. **OLD BUSINESS** -- Plat I and Plat VI

Mr. Petrey said in Plat VI we had two outstanding items and the first has been completed and he believes the second has been resolved. Mr. Petrey said he met with a representative of the homeowner today and at first they thought the problem was from a vehicle dragging on the sidewalk but that wasn't the case, he said it was a utility trailer the tongue is dragging, the residents are not there now will not be back until Thanksgiving the representative said she would talk to the homeowner, it will probably be left as is. Mr. Petrey said we would close the contract out on Plat VI this week if at all possible. He said that would require a final summary change over, the dollar amount Comm. Morgan has approved and adjust the time to current date and submit final paperwork to DOT to receive the money.

Ordinance
No.
628 Comp
Plan

2. **OLD BUSINESS** -- Ordinance No. 628 Comp Plan

Mayor Arnold said this is the second public hearing on Ordinance No. 628 Comp Plan, this will be the final reading. Mayor Arnold read the ad from the notice of the public hearing for Ordinance No. 628 appeared in the Daily News on August 3, 2012. He then read Ordinance No. 628. AN ORDINANCE AMENDING THE ADOPTED COMPREHENSIVE PLAN; PROVIDING FOR PURPOSE AND INTENT; PROVIDING FOR SEVERABILITY; PROVIDING FOR A COPY ON FILE; AND PROVIDING AN EFFECTIVE DATE. COMM. STRONG MADE A MOTION TO ADOPT ORDINANCE NO. 628 AS READ, COMM. HAMILTON SECONDED. Comm. Morgan wants it to be clear for the public that the current Comp Plan is not being changed to anything other than what it is today. Comm. Morgan said we are not adopting something that says we have to do what the military says, Mayor Arnold said in the CZ and APZ (Accident Potential Zones) to those currently being allowed by the Comprehensive Plan. ORDINANCE NO. 628 WAS VOTED ON AND PASSED BY UNANIMOUS VOTE OF COMMISSION.

NV
Regional
Sewer Bd
Agreements

3. **OLD BUSINESS** -- NV Regional Sewer Board Agreements

Mayor Arnold said that the Commission has been provided with copies of the four documents the Utility Purchase Contract, Amendment to Articles of Incorporation, By laws, and the Regional Sewer System Operational Agreement all of these have been reviewed by our city attorney Mr. Dykes and approved, copies have been sent to the City of Niceville to have on their agenda for their next regular council meeting tomorrow evening, with the hopes that all of the documents can be signed in the next week and official so that the board has the official papers to operate. COMM. HAMILTON MADE THE MOTION TO APPROVE THE FOUR

DOCUMENTS REGARDING THE REGIONAL SEWER BOARD; MOTION SECONDED BY COMM. STRONG, WHICH PASSED BY A UNANIMOUS VOTE OF THE COMMISSION.

1. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS -TPO/DOT** TPO/DOT
Comm. Morgan said the demographics they are using are already out of date; not including roadways that have been built or are being built, so some of that will be discussed when he attends meeting on Thursday. He feels the planning is off base.
2. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS -STORMWATER** Stormwater
Mr. Scott said we have had no calls regarding storm water even with all of the rain we have received lately.
3. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS - Legal Activities** Legal Activities
Mr. Bowman said there has been a discussion about Mr. Wyckoff regarding his bill. There have been some developments in the Willingham case. Mr. Bowman said regarding Mr. Wyckoff, it was his understanding that once the Bradley decision had come out we had withdrew any further settlement negotiations with Mr. Wyckoff regarding his final bill. Since that time Mr. Wyckoff has agreed to \$5,000 for his final bill provided that the city releases him of any and all liability and that all department heads and Commissioners agree to a non disparagement agreement. He said that is on the table and that has not been responded to as of yet because we haven't made a decision on the Bradley case. On the Willingham case we have received an order from the court that two and a half of the four counts have been dismissed with prejudice leaving part of the equal protection claim and the 1st amendment claim. Mr. Bowman said with the help of Mr. Scott and Ms. Johnson this morning he had filed a motion for summary judgment, inviting the court to look at the undisputed facts of the case and apply the law, he believes court will ultimately grant the summary judgment. Comm. Hamilton asked when we would know, Mr. Bowman said with federal court we do not know.
4. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS - Planning Commission Report** Planning Commission Report
No one present from the Planning Commission.
5. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS - City Park Update** City Park Update
Mayor Arnold said in TJ Brooks Park we do plan to have a monument there to recognize the benefactors. He believes the dog park is open. He asked Mr. Scott about the school equipment, he said that they had been waiting for the 30 days to pass since the rezoning of the property. Mr. Scott we provided a copy of the change to the school board and after the 30 days we will have the equipment at TJ Brooks Park. Comm. Hamilton said that concrete was poured at Brooks Park today to complete the parking places.
6. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS -- Budget Hearings** Budget Hearing
Mayor Arnold announced that the first reading for the budget hearings will be September 4th, 2012 at 6 PM with a seconded meeting scheduled for September 24th, 2012 at 6 PM. We will have an executive session on August 20, 2012 at 6 PM.
7. **REPORTS/CORRESPONDENCE/ANNOUNCEMENTS - ETC.** Etc. Del Lessard
Mayor Arnold announced that this would be the last regular Commission meeting that will be attended by Del Lessard from the Bay Beacon as he is retiring from the paper. Mayor Arnold said he appreciates his attentiveness in coming to our meetings and reporting without a slant one way or another, an example of true journalism.
